Work Experience

IT Director / Software Engineer -

Jan 2026 - Present

FH Vélez Abogados

Lead the IT strategy and execution, driving digital transformation initiatives to improve operational efficiency. Coordinate development projects, optimize internal processes, and implement scalable technology solutions aligned with business objectives.

Fullstack Developer - Hidroconsultora

2024 - 2025

Developed a route optimization system in Python to reduce transportation time and operational costs. Implemented graph-based algorithms using NetworkX to optimize routing efficiency, Processed and analyzed data with Pandas to support decision-making, integrated geolocation and mapping APIs using Geopy for real-world route calculations.

Technologies

Academic Background

Universidad Libre de Pereira

2021 - 2025

Systems Engineer from Universidad Libre de Pereira, specialized in full-stack development and high-performance web applications.

Certifications

2025 | Cybersecurity Bootcamp Explorer Certification - Talento Tech, Universities of Caldas and Antioquia
2024 | SQL Basic Certification - HackerRank
2024 | SQL Intermediate Certification - HackerRank
2024 | Cybersecurity, Threats, Vulnerabilities and Attacks Achievement - Cisco
2024 | Network Security Achievement - Cisco
